

Contains the anti-inflammatory compound proazulene. Promotes sweating, reduces fevers, treats inflammations; including respiratory, cold and flu, hemorrhoids, rheumatoid arthritis, psoriasis, eczema, warts, acne, scars, severe rashes, sores, and wounds. It also balances sebum in oily skin and scalp, and tones the skin. Lowers blood pressure by dilating blood vessels and relieves pressure on the heart. Acts on bone marrow, helping to stimulate blood renewal, treats varicose veins, arteriosclerosis, high blood pressure, and thrombosis (clotting of the blood). Helps focus the mind, promotes hair growth, and dissipates stress and grief; also an excellent oil for burns

**Caution:** Do not use when pregnant. Do not use if epileptic. Avoid if you have sensitive, allergy-prone skin.
